

# Perth Sports Surgery Fellowship

## Skills and Goals

ORTHOPAEDIC RESEARCH FOUNDATION  
WESTERN AUSTRALIA

PERTH  
SPORTS SURGERY  
FELLOWSHIP

Welcome to Perth. You're going to have a great time! Please assist us in making this the best possible experience for you by completing the table below. We try to tailor the fellowship to your skills and goals. There are no wrong answers-just helps us plan!

- Cases you are happy performing completely independently +/- supervising a junior (ie with me not on site)? **(label A)**
- Cases you are comfortable performing with some supervision (ie with me unscrubbed/ in another theatre)? **(label B)**
- Cases you happy performing some steps/taking the lead (but with me scrubbed +/- guiding you )? **(label C)**
- Cases/skills you have had minimal exposure to; are starting from scratch/or fairly close to it? **(label F)**
- Cases/skills are you not particularly interested in? **(label Z)**

-Trauma Nails (TFNa/FRN/Tibial Nail)	A	A	A
-Trauma Hemiarthroplasty	A	A	A
-Trauma THR	A	A	A
-Trauma ORIF Distal Femur	A	A	A
-Trauma ORIF Proximal Humerus	A	B	B
-Trauma ORIF Distal Humerus	Z	Z	Z
<b>Miscellaneous</b>			
-Carpal Tunnel	A	B	B
-Removal of Metal	A	A	A

**a) What are your major goals for your 6 months with us-type/range of cases, anything specific that you want to see/do?**

**b) What type of job/role are you planning on returning home to?**

**c) Have you completed/are you planning on completing another fellowship?**

**d) Upon return home, after undertaking the Perth Sports Fellowship, if you could say,**

**“I can now ..... , which I was unable/not confident with prior”**

**What would it be?**

**e) (Post Fellowship) Please provide some feedback on the positives/negatives/suggestions for change....have you achieved your goals?**

**(we will also ask you to provide us with a testimonial/logbook for our records)**

This is an excellent fellowship that allowed me to acquire all the skills I once dreamt of as a surgeon. I don't think you'd be able to find another quite like it worldwide. It's rightfully highly competitive. Pete is a premiere sports surgeon and has a real passion to impart his knowledge and skills. The faculty that you work with are similarly passionate and excellent as well as a great resource to learn different skills and techniques. I really enjoyed working with them all.

As for Western Australia and Perth, this is a wonderful place to explore, to enjoy sports and the rugged outdoors!
