

# 2020 Shoulder Webinar Series

'Why+How' in Shoulder Repair

A Series on the Continuum of Care through the Orthopaedic Journey

Wednesdays beginning:  
April 8<sup>th</sup>, 2020  
8:00 am EST and 6:00 pm EST

Chairpersons: Dr. Robert Litchfield and Dr. Scott Trenhaile

Medical Education

**Smith+Nephew**

# S+N Proudly Presents:

Please join S+N each Wednesday at 8 am EST and/or 6 pm EST where expert faculty from around the world will join our moderators and guide us through this series of live webinars. These will start from Patient selection and imaging and continue the journey all the way through advanced techniques in Rotator Cuff repair and Instability repair. The sessions will focus on practical learnings and peer-to-peer experience sharing from experts around the world. All participants are welcome to ask questions and add their experiences to the discussion. A recording of each session will be available for later viewing and additional discussion opportunities.

## Participant Profile:

Any surgeon or health care professional interested in expanding their knowledge in evidence, techniques, technology and outcomes in the areas of shoulder arthroscopy, rotator cuff and instability repair.

## Learning Objectives:

- + At the end of this series, participants will be able to recall all aspects of shoulder repair approaches, solutions and outcomes.
- + Participants will be able to reference the latest advances in shoulder pathologies management.
- + Participants will be able to apply practical learnings into their practice to enhance patient care.

## Webinar Chairmen:

	<b>Dr. Robert Litchfield</b> Fowler Kennedy Sports Medicine Clinic Ontario, Canada	<i>8am EST Sessions</i>
	<b>Dr. Scott Trenhaile</b> OrthoIllinois Rockford Illinois, USA	<i>6pm EST Sessions</i>

## Agenda of Events:

**WEDNESDAYS 8:00 AM and 6:00 PM EST**

Date	Topic	Moderator(s)	Faculty
<b>APRIL 2020</b>
